

LEE VALLEY HARBOUR

# YOUR GATEWAY TO THE LAKES

The Lee Valley Harbour is your gateway to a 14sq kilometre expanse of water that's a coarse angler's dream. Carved out of dams in the mid 1950s, the 10-mile long, 70ft deep enchanting Inniscarra Lake is a hidden beauty that appears to have been here since time began. Beautiful and remote, yet within just half an hour of Cork City and Airport, it's guarded by the magnificent Carrigadrohid Castle at one end and the Inniscarra Dam at the other. And at the heart of it is the Lee Valley Harbour, where everything an angler needs is just waiting.

So cast away your cares ... and come fishing!
